DEPRESSED CLASS CO-OPERATIVE SOCIETIES—POOR CONDITION OF

251. Mrs. Dakshayani Velayudhan *(Nominated):* Will Government be pleased to state.—

(*a*) the reason for the poor condition of Depressed Class Co-operative Societies;

(*b*) what measures it has taken to remedy them?

LIBRARY ARCHIVES Kerala Legislative Assembly

Mr. Parambi Lonappen *(Minister for Rural Development):*

(*a*) The existing Depressed Class Co-operative Societies which are of the credit type are not functioning properly chiefly on account of the peculiar economic conditions of the Depressed Classes. The members are extremely poor and have no property which they can pledge. Their only asset is their labour and character and these form the only basis for their credit. But due to the prevaling mass illiteracy among these classes, the Co-operative ideal has not made much head-way even after 17 years of work. Another difficulty which has stood in the way for the better working of these Societies is the lack of honorary workers who have sufficient knowledge to run Co-operative institutions.

(*b*) The Co-operative Enquiry Committee has recommended that credit Societies are unsuited to the Depressed Classes. Attempts are being made to start non-credit Societies and to reorganise the existing ones on non-credit lines. One such Society is proposed to be started at the Sivaramapuram Colony and the appointment of a paid Secretary on Rs. 40—60 and a loan of Rs. 5,000 are sanctioned. Societies of this type are to be started after watching the progress of this Society for a year or two.
